### Solar Car Challenge

On Friday October 30, our Solar Car Team consisting of Brodie Hall, Ty Voss, Joe Heath and Connor Heir with industry mentor, Mr Aaron Link from Biti Motors, Culcairn and Mr Torocsik our teacher; competed against ten other schools for the title of 'Solar Car Champion!' Our team was called 'Inferno' and our slogan—'We Burn Brighter than the Sun!' The first few laps were very promising after a sensational 'drive' from Joe Heath who had our car in third position for the start of the race after some very impressive driving. At one stage the car actually 'drifted' around one of the corners! As

it turned out the sun was not on our side and due to overcast conditions our car began to slow down and was soon running at 1/3 of it's original pace. Our team fought hard all the way and finished in a very respectful fifth position overall. Well done to the students involved in the solar team and many thanks to Mr Link from Biti Motors, Mr Torocsik and Mr Duke for assisting with the car during the construction phase. We will be back to burn up the track next year!!
